Relationship research worksheet

Use one sheet per record. Write the family link you are testing, then decide what this record contributes.

First person

_____

Second person

_____

What relationship are you testing?

Write the question. Add a place or date that distinguishes these people.

Where can you find the record again?

Record title and date, archive or collection, and page, image number or stable link.

What does the record say?

Copy the relevant words. Keep original spellings. Mark anything you can't read.

Who supplied the information?

Identify the informant, if known. How would they have known the people or event?

How does this bear on the relationship?

Circle one and give your reason.

Supports it **Contradicts it** **Still uncertain**

Duplicates or conflicts

Could another entry copy this same record? Which names, dates or places disagree?

Next step

Name one independent record to look for and what it could resolve.
